TECH TIPS

Versatile VE-Series Panel Kits

Viking's unique VE-Series panel kits combine a surface mount box with a blank aluminum panel. These kits are easily customized to mount a card reader, keypad, or other component such as a switch or custom accessory.

The VE-Series panel kits feature heavy-duty construction in an assortment of colors and sizes. The weather resistant boxes are designed to be surface mounted to a wall, post, single or double gang box, or any Viking gooseneck pedestal.

The blank front panel is made from durable aluminum, making it easy to drill, cut or form. The panel is straight lined and coated with a tough clear powder coating to resist corrosion.

Each VE-Series panel kit comes complete with surface mount box, front panel, screws and a gasket for easy installation.

Features:

- Surface mounts to a wall, post, single or double gang box
- Compatible with Viking gooseneck pedestals
- Blank aluminum panel is easy to customize
- Adds weather and vandal resistance
- Heavy duty construction
- Available in many colors and sizes
